What We Are Learning

Language Arts

We practiced reading and spelling words with triple consonant blends (str, scr, thr, spl). We learned that a biography is an informational book about a real person. In grammar, we practiced writing dates correctly. Our story this week was The Radiant Child by Javaka Steptoe.

Math

We used 10 frames to help us subtract a part from the whole. We subtracted to find the unknown part. We practiced making 10 to help us subtract from 20 or less. We wrote fact families for a given set of numbers.

Religion

This week we read the Bible story of David and Goliath. We learned that David loved and trusted God, and so God helped him defeat Goliath. David became a good king, but he also sinned. God was merciful to David and forgave him. God will always have mercy on us and forgive us when we are sorry for our sins.

Science

February is dental health month. We have spent the week discussing the parts and functions of our teeth. We learned to keep our teeth healthy by eating the right foods, brushing, flossing, and visiting the dentist for check-ups.
